

BH3 SocCom meeting Tuesday 24th April 2018

Present

LUNCHi (Chair), HBK (minutes), Rebore.

Apologies

Sleepy, Sir FC, Grouse Sheila, 3s4d.

Minutes The minutes of meeting on 20th Feb accepted after agreeing that Rebore had been the victim of crossed communications about his Feb happening.

Wash Ups

AGPU. It was commented that it was a bit lacking in discipline, food was plentiful but a little bland and that a new venue for next year's might be a good idea. Apart from those comments the usual business was conducted, down downs were downed and new officers elected.

Beer Mile, occurred as planned, good turnout even if not too many actually ran the course, most just drunk the beer, maybe to be run again next year, 3s4d??

Gloucester Road gallon, 4 hardy souls completed the whole course, 9 or 10 in total including those who joined in for part of the day. A lack of food (kitchen closed) at the planned stop was a bit of a let down. Lucky with the weather, shower before the off and P'ed down just after the final pint necked.
